GLOBAL
INTERNATIONAL SCHOOL

BEST LEARNING FACILITIES

Global International Complex School offers the students the best learning environment and provides opportunities for their holistic development.

The school consists of separate blocks for Kindergarten, Primary, Middle and High School students, a Day Care center and Student Development Center as well as a Sports complex.

Each block has adequate facilities designed to meet the specific requirements of the students.

School facilities include;

- Swimming Pool and Sports Gym**
 Along with academics, physical fitness is given importance. With an eye to have students physically strong and mentally active, a range of sports facilities are made available.
- Cafeteria**
 The school has a big canteen that offers a wide range of healthy snacks, food and beverages. Quality of the food and hygiene are well maintained and comes in affordable prices. Every student and staff can have breakfast and lunch in the canteen.
- International library**
 The school has a zoo-designed library, with an impressive index of titles, covering a variety of subjects.
- Concert hall**
 The concert hall is a cultural place with a stage that serves our students' performances.
- Smart Learning Classrooms**
 The classrooms are equipped with smart boards, tablets, lap tops and other innovative resources thus making our students technologically adept.
- Science labs**
 The fully-equipped natural science labs for classes such as chemistry, biology, physics are designed for conducting various experiments.
- Art Rooms**
 Specifically designed art rooms for Tamiya, Engineering, Art, Design and Technology provide our students space to explore, develop and express their creativity and innate talent.

- ICT**
 ICT is integrated throughout the curriculum as a teaching tool. The school provides Internet access to every student, teacher and staff. Every department in the School is connected with an internal network system.
- Music rooms**
 Two well-equipped music rooms provide a variety of instruments including pianos, grand pianos, and traditional musical instruments like the horse headed fiddle. Our collection of musical instruments for students gives the opportunity to learn both western and eastern music.
- Cultural hall**
 This traditionally furnished room provides our students a place to enhance Mongolian culture through traditional games and customs.
- Classrooms**
 The classrooms are designed to accommodate between 20-22 students for only morning classes.
- School Security**
 The properly installed school security cameras are an important tool for ensuring students' safety around the school. To provide a safe and reliable school transportation, the school offers school buses to students.

TWO FOREIGN LANGUAGES, COMBINED STUDY CURRICULUM AND COMBINED COMPLETION CERTIFICATION

- Primary School National Core curriculum is for the 1st grade students to develop their native language, study skills and habits in order to mold them as a culturally well-educated Mongolian citizen.
- Primary School Bilingual curriculum for the 2nd grade students is designed to adapt and begin to learn the English language.
- National Core Curriculum combined with Cambridge Curriculum (IGCSA, AS, A levels) is made from 6th grade to 12th grade students. Science and other subjects are taught in English. The Japanese language is taught as well.
- In addition, there are extracurricular social study courses such as 'Business Study' and 'Self-development.'

PROFESSIONAL TEACHERS

- We have a professional teacher team, who successfully took part in developing primary, middle and high school curriculum between 2012-2016 and is specialized in Teaching International Cambridge Courses.

DUAL DIPLOMA PROGRAM

- Both American core curriculum and national core curriculum are taught from 9th to 12th grade students so as to obtain two diplomas at once.

EXTRACURRICULAR ACTIVITIES

- We have over 40 extracurricular activities so that the students can develop their talents and creativities. Each student has a chance to participate in activities until 5pm.
- Study tours, Holiday training and Summer programs are organized over the year.
